# CAREN

Dr. Robert Janz  
Center for Information  
Technology  
University of Groningen

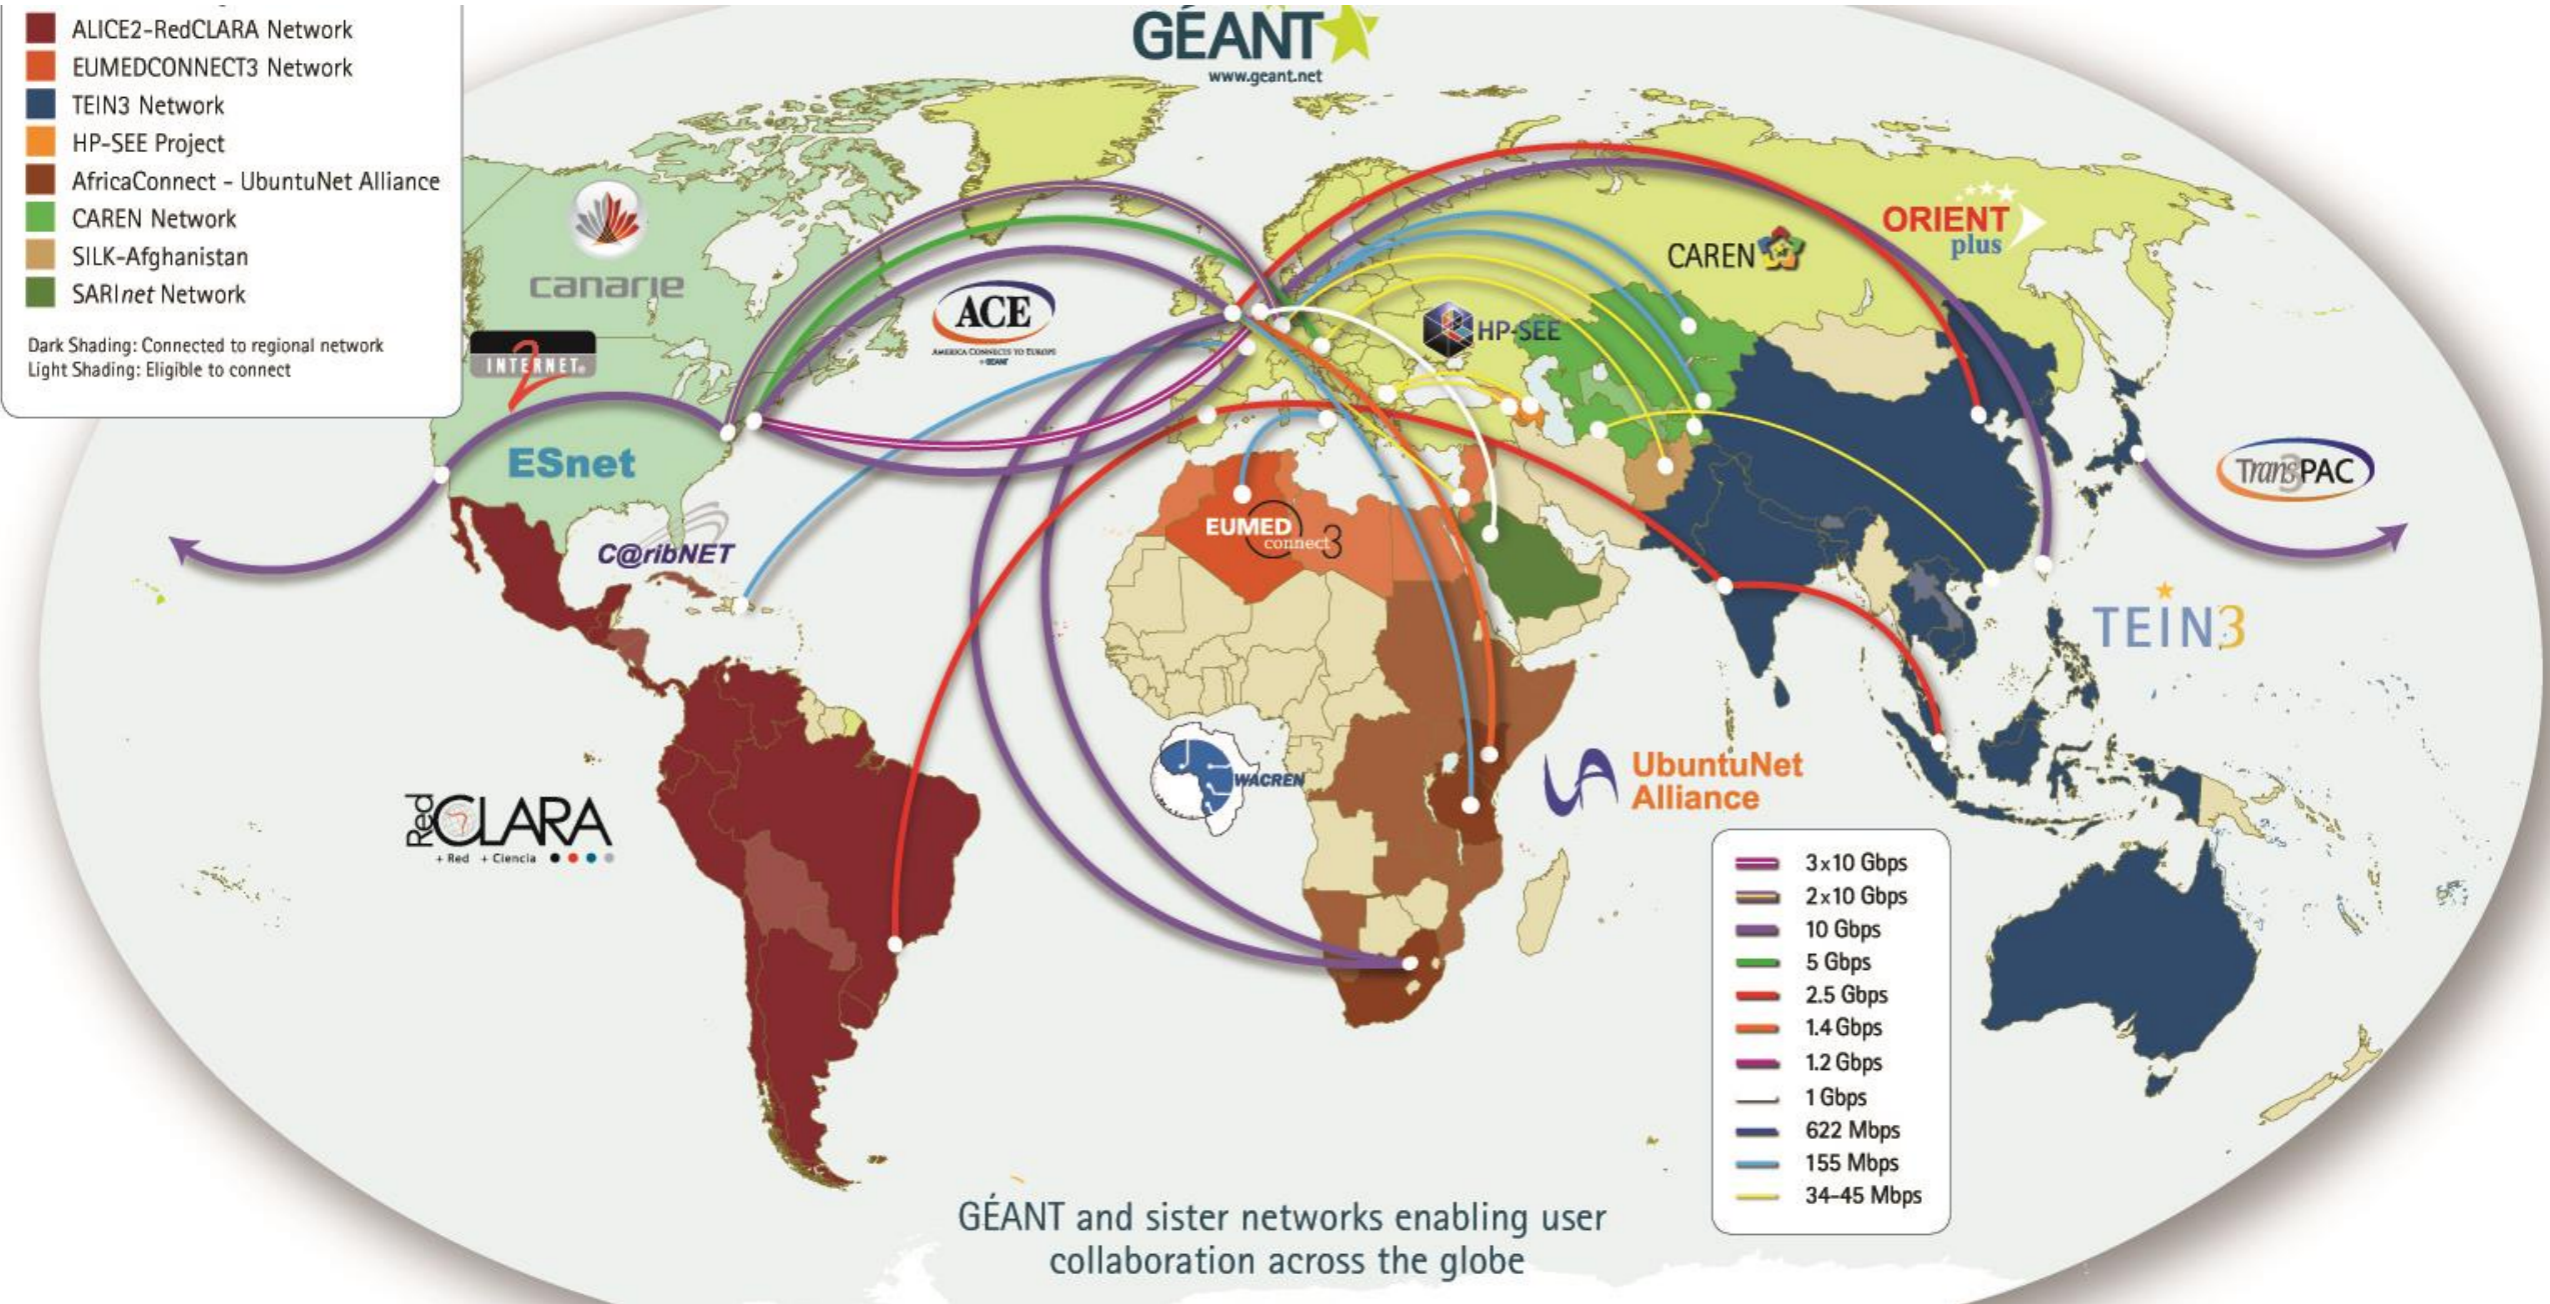

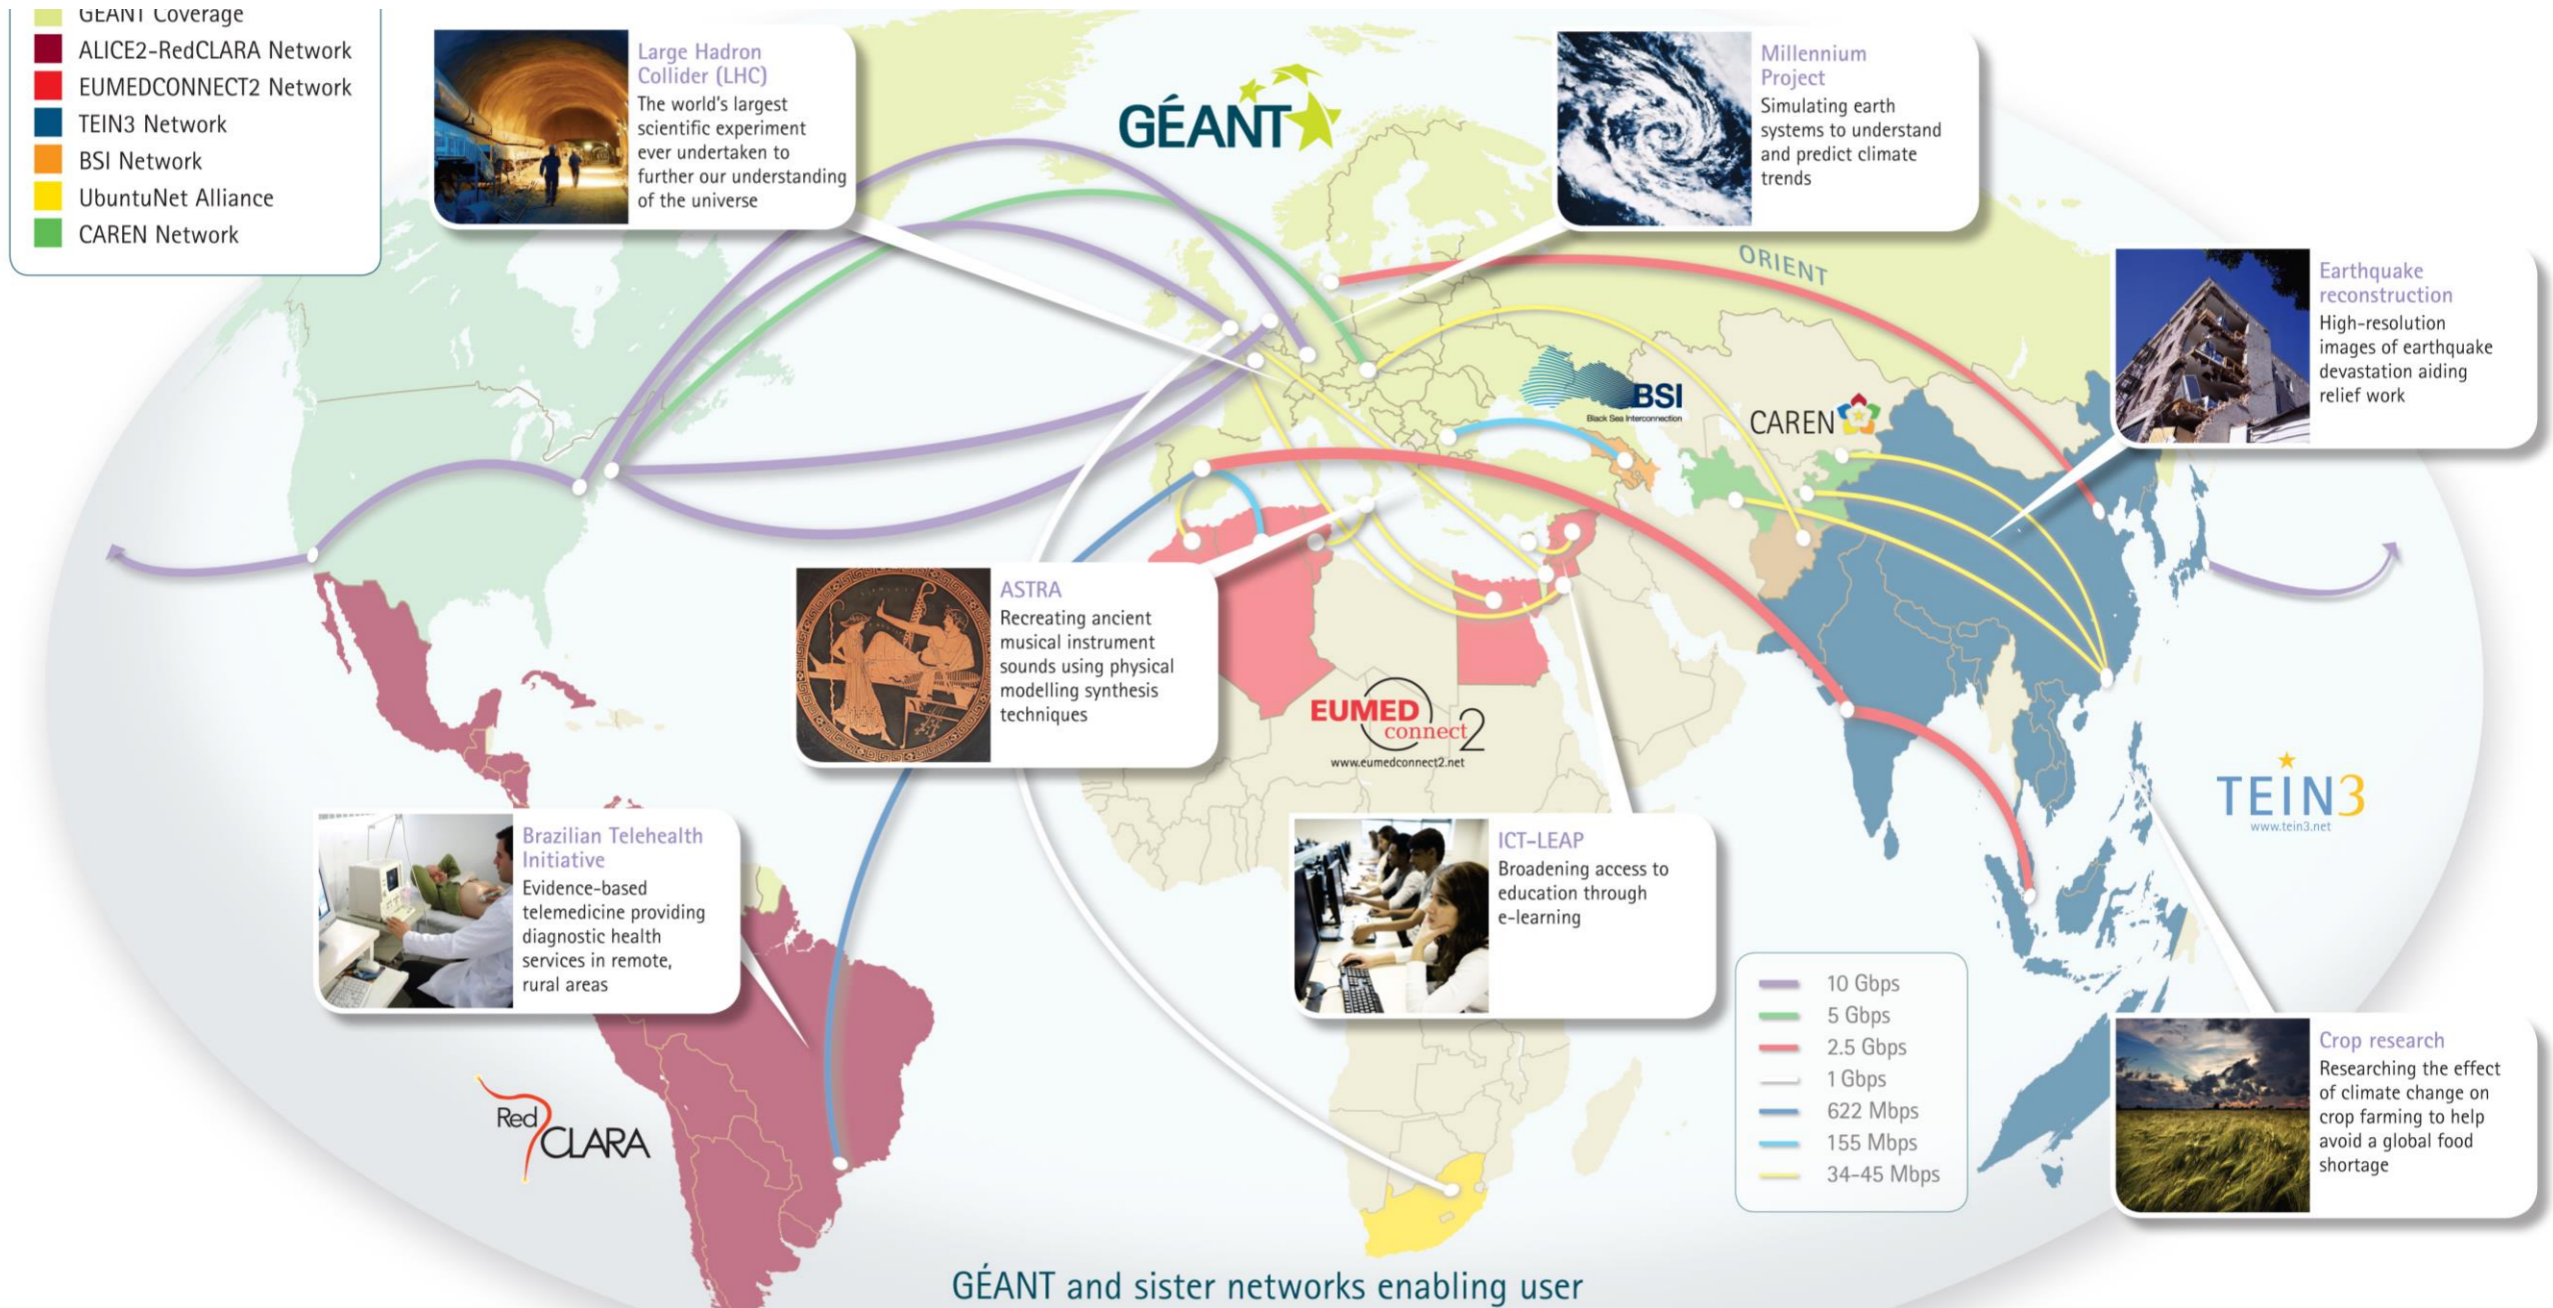

# University of Groningen

- > 400 years
- > 150 buildings
- > 25.000 students
- > 4.750 employees (fte)
- > 8.900 PC stations (UWP)
- > 38.000 accounts
- > 13.000 network connections

## CAREN for Central Asia

>2000 - 2009:

- NATO funded (100%) satellite network

>2009 - 2015

- EU funded (80 – 90%) FO network
- Co-funding from NRENs

>2015 - ...

- EU funding depends on national GDP
- National funding comes from government

But government doesn't care .....

## Challenges/conclusions

### > Sustainability

- Address national priorities
- Collaborate on international level

### > Access to e-Infrastructures and content

- Lack of national facilities
- Huge e-knowledge gap
